

# TPC Upward Rules Summary 2023

## 1. Game Format & Rules for Game Play

- TPC has modified the game format and rules for game play included in the online “Coach Playbook” (posted on trinitysouthlake.org) and on your Coach Page (myupward.org).
- As a result, **this document constitutes the rules and game play format that will be used this season at TPC** (i.e. these rules supersede the Upward rules and game format).

## 2. Common Game Format and Rules For 1<sup>st</sup>-2<sup>nd</sup> Grade and 3<sup>rd</sup>-4<sup>th</sup> Grade Divisions

<b>Common Game Format and Rules</b> 1 <sup>st</sup> -2 <sup>nd</sup> Grade Division 3 <sup>rd</sup> -4 <sup>th</sup> Grade Division <i>Except where the following rules apply, play is governed by the National Federation of State High School Associations’ Rules Book (www.nfhs.org)</i>	
<b>Game Format</b>	Referees lead both teams in prayer at center court before every game. This sets the tone and focus for the game.
	A coin flip or other impartial method determines which team receives possession first.
	<b>Games consist of six, 6-minute segments and an 8-minute halftime. One minute is allotted for substitutions between segments.</b>
	At the end of each segment and in jump ball situations, possession will alternate based upon the direction of the possession arrow (as determined by the referees and/or scorekeeper).
	<b>All coaches will adhere to the Upward substitution system. The substitution system allows for equal playing time for all players.</b>
	There are no timeouts. This allows more playing time and keeps the games on time.
	Teams switch goals at halftime.
	Any game ending in a tie will remain a tie. No overtimes are played. No standings are maintained.
<b>Rules for Play-Defense</b>	<b>Man-to-man defense will be played at all times.</b> In a man-to-man defense, players are only guarding the opponent that closely matches their ability and height. This allows for a more competitive system for every player on the court while creating an equal opportunity for each player.
	<b>Defensive players must stay within approximate arm’s reach of the player they are guarding, once that player enters the approximate “3-point area”.</b> This prevents defenders from sagging or crowding an area of the court to gain a defensive advantage. After a warning to the player, a player violating this rule will be assessed a personal foul for subsequent violations.

# TPC Upward Rules Summary 2023

	<p>Double-teaming is not allowed. However, help defense is strongly encouraged in the following instances:</p> <ul style="list-style-type: none"> <li>• <u>Lane Area</u>: If a defender is in the lane and the player he or she is guarding is within arm's reach, the defender is allowed to provide help defense. Since many goals are scored in the lane, it provides the defense more opportunity to properly defend this area.</li> <li>• <u>Picks and Screens</u>: Defensive switching is allowed on offensive picks or screens. The non-screened defender can help his or her teammate by temporarily switching until the teammate recovers to defend their offensive player. This is commonly referred to as "help and recover." This prevents the offense from continually setting screens to gain an advantage.</li> <li>• <u>Fast Breaks</u>: When a transition begins in the backcourt and the offense quickly moves the ball up court, another defensive player may help. Upon stopping the fast break, defenders should return to guarding their assigned players. This rule is meant to prevent the defenders from helplessly watching the offensive player score without being able to help.</li> </ul>
	<p><b>At the beginning of each segment, players will line up at half court and match-up with whom they are guarding using TPC's ROYGB color band process (discussed at Coach Training). This process promotes equal player match-ups. Equal match-ups combined with man-to-man defense help to create competitive pairings.</b></p>
	<p><b>Full court presses are not allowed. Defensive players may not guard their opponents in the backcourt.</b></p>
	<p>A player committing two fouls in one segment must sit out the remainder of that segment. The player nearest in skill level to the player fouling out comes in as the substitute for the remainder of the period. This does not change the normal rotation as the fouled-out player does not re-enter the game until they are next scheduled to do so. This rule allows the offending player time to regroup during the remainder of the segment while realizing that there is a consequence for the violation.</p>
<p><b>Rules for Play-Offense</b></p>	<p>The offense must purposefully attack the defense in every situation – no stalling. After a warning from the referee, a violation will be called resulting in a turnover. This will prevent a team with the lead from running the clock out by staying in the backcourt where the opponent is unable to play defense.</p> <p>Isolation plays are not allowed as they take away the opportunity for improvement for all players and contradict the spirit of the rules. <b>For offense this prevents players being positioned at half court to isolate defenders away from the play.</b></p> <p>Non-shooting fouls result in the ball being in-bounded from the baseline or sideline.</p> <p>No score will be given for a basket in the wrong goal. It will be treated as a turnover and will be taken out along the baseline.</p>
